Generative AI for Everyone

# Ashraf Hussain

Modern Full Stack Developer (Web & Mobile) | AI Engineer  
Islāmābād, Pakistan

## Summary

Hire Me For:

Modern Web Development: Crafting dynamic and responsive web applications using cutting-edge technologies and best practices, including React, Next.js, Angular.js, and precision styling with Tailwind CSS.

Modern Mobile Apps: Creating seamless user experiences on both iOS and Android platforms with React Native, Firebase, and real-time databases.

Gen AI Integration: Advocating for and integrating Artificial Intelligence technologies into software development. Enhancing functionality and user engagement using Modern Python, Flask, Django, and Next.js.

Front-end Development: Translating design concepts (Figma/PSD) into pixel-perfect reality with expert HTML, CSS, and JavaScript skills for visually stunning and interactive user interfaces.

# Web Development: Proficiency in WordPress, Laravel, and custom PHP, offering versatile web development solutions tailored to your needs.

Problem Solver: Thriving on complex challenges, I deliver innovative solutions customized for the unique requirements of each project.

Commitment to Quality: Unwavering dedication to delivering high-quality, scalable, and maintainable software solutions.

Let's connect and embark on an exciting journey to explore collaboration opportunities in the realms of Modern Web, Mobile Apps, Gen AI, and Web3 development!

---
